

**FOLKS** are a heap like tobacco. Thar's hot-headed, bitey folks. Thar's flat, uninterestin' folks. An' then thar's folks like Velvet—mild, but hearty an' fren'ly, too.

## THE FRIENDLY TOBACCO

"Friendly" is a very good word to describe the positively pleasing quality that sets VELVET tobacco apart.

There is that indescribable something about VELVET that is associated in men's minds with the thought of a friend.

It is a satisfying smoke—never harsh; without a bite. Like a friend it "agrees" with you no matter how much you use it.

Long, patient ageing—in wooden hogheads—does it. Friendship must ripen slowly. Good tobacco the same way. An army of men have learned this through VELVET.

Today is a good time to get a lot of comfort out of a pipeful of friendly VELVET.

Roll a VELVET Cigarette  
VELVET'S nature-aged mildness and smoothness make it just right for cigarettes.

### IN MEMORY

On May 29, near the hour 9 p. m., the pale horse and his rider entered the home of Mr. and Mrs. Eliza Bell and claimed for its victim their loving daughter, Willie Belle, age 19 years, 5 months and 3 days. At the age of eleven she was converted, was baptized and united with the M. E. Church at Walnut Gap, to which she proved a faithful member unto death.

She has been in failing health for several months, but her friends didn't know that her useful life was so near an end until a few weeks ago. Every thing was done that loving hands could do to ease and comfort her during her great suffering. She exercised great patience during her sickness, and often was heard to express her faith in God. In the death of this dear girl the home has lost a jewel, the church an efficient member. She was unusually bright and used her talent for the Lord. To know her was to love her. During her last illness the community expressed their love for her by offering assistance in any way they could. Many would remain till late at night. Just a few hours before she passed away, she told her mamma that she saw the city of which she would soon be an inhabitant and that she saw the Savior, and as friends would enter the room she would have her mother to tell them of the wonderful sight she had seen, and as the end drew near the last words she said, "The angels have come," and away sped the immortal soul of this sweet girl to the God who gave it, leaving the little tired form to rest till the resurrection.

On the following day the funeral took place at the home, conducted by Revs. Copley and Ball. A large concourse of sorrowing relatives and friends followed the body to its last resting place in the family burying ground on the hill overlooking the home. We extend our sympathy to the bereaved family.

### KEEP YOUR GOVERNMENT INSURANCE

The Government is now conducting an active campaign to urge and influence the men who have been in the service to continue their Government insurance and for this purpose have stationed men in all the larger cities to give information and advice to the men. Ensign McNeer, U. S. N. R. F. is representing the War Risk Insurance Bureau in Louisville, Ky.  
The Government is doing a wonderful work in offering this insurance to its former fighting men and it is from no selfish motives. It is offering it to the men in part payment for their services which were rendered during the war and the men should realize that it is a valuable right and privilege which once thrown away can never be regained.

During the war the men were given what is called Term Insurance which they may carry for a period of five years after peace is declared with the privilege of converting, within that time, into six standard forms of policies viz: Ordinary life, 20 payment life, 30 payment life, 20 year endowment, 30 year endowment and endowment maturing at age of 62. The rates on these new policies are the cheapest that have ever been offered for the reason that there is no expense attached to it, all expenses being paid out of a separate fund and in addition to being low the Government will pay dividends, which no doubt will be substantial, for the same person. All of the clauses of these policies are the most liberal than can be made and for which no extra charge is made. One feature in particular is the disability clause, which protects the men for the entire life of the policy, which in the case of an ordinary life or 20 or 30 payment life would be for the whole of life. The disability may occur at any age and if permanent the Government will waive premiums and pay the policy holder \$5.75 for each thousand of insurance carried.

The Government during the war had on its books some 4,500,000 men with a policy value of \$35,000,000,000 averaging \$5,000 for each man. It is the hope that most of these men will retain and it is a patriotic duty for all to see that our former fighting men continue this insurance.

### "FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross". Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.  
Aspirin is the trade mark of Bayer Manufacture of Monacetteside of Salicylic acid.

### FARM DEPARTMENT

By G. C. BAKER, County Agent.

**Watch for Gad Fly.**  
As soon as hot days are with us the sheep are quite certain to be seen with their heads close to the ground, shaking their heads and stamping the ground as though thoroughly worried. This means that the Gad Fly is about ready to deposit its young in the nose of the sheep and create trouble for the farmer.  
If the noses of the sheep are smeared with pine tar the flies will be kept away. This smearing of tar on the nose may be done by boring auger holes in a log about 2 1/2 inches in diameter and 4 to 5 inches deep. These can be filled with salt and the edges of the holes smeared with tar. Of course the keeping of sheep away from infested, coarse, shrubby pastures always helps matters.  
The Gad Fly is about the size of the common house fly, yellowish-gray in color, flies from June to October but only during the heat of the day.

**Paint the Teeth.**  
A thrifty, shifty, old farmer had had a great deal of trouble with his farm hands who in spite of instructions would cultivate the corn as deep as the cultivator teeth would go. One day the old gentleman appeared at the country store smiling broadly. He seated himself comfortably and remarked:  
"I've got 'em fixed now so I can tell in a minute how deep each hand is plowing corn. I just took a put of carriage paint, that'd dry hard and quick, an' painted the top part of every tooth on every cultivator on the place. I painted 'em down within 2 inches of the point. Then I told the boys I'd fire the first fellow that let much paint get rubbed off. Now all I have to do is to look over the cultivators to know whether my land's gettin' shallow or deep cultivation, see?"

**Launching An International Show.**  
The Chicago Board of Trade, desiring to stimulate and improve grain and forage production, offers \$10,000 in premiums to exhibitors of grains and hay at the International Live Stock Exposition of Chicago, during the first week in December.  
The management of this Exposition promises to stage a show of grains and forage which will in all respects be on a par with the wonderful exhibits of live stock annually assembled at this, "The World's Greatest Live Stock Show."

By having these powerful influences cooperate, an exhibition of grains and forage may be looked for, the equal of which has never been seen anywhere.  
**Nation-Wide Contest.**  
A Noncollegiate Live Stock Judging Contest will be staged at this year's International Live Stock Exposition during the first week in December.  
After a due process of elimination at the county and State fairs the champion team from each State will be sent to this, "The World's Greatest Live Stock Show," to compete for grand champion honors. This interesting feature was added at the earnest solicitation of the United States Department of Agriculture and the Federal Board for Vocational Education. Owning to the keen rivalry that is bound to result the contest will naturally arouse nation-wide interest.  
Several scholarships and many valuable prizes will be awarded to the fortunate contestants.

### PERFECT CONFIDENCE

LOUISA PEOPLE HAVE GOOD REASON FOR COMPLETE RELIANCE.

Do you know how—  
To find relief from backache;  
To correct distressing urinary ills;  
To assist weak kidneys?  
Your neighbors know the way—  
Have used Doan's Kidney Pills;  
Have proved their worth in many tests.

Here's Louisa testimony.  
Mrs. Jas. Q. Lackey, Lock Ave., says: "Several years ago I used Doan's Kidney Pills and from the results I received, I can say they are a splendid remedy. At that time I suffered with weakness and lameness across my back. My kidneys were irregular in action, too. It didn't take Doan's long to rid me of the trouble and help me in every way. I certainly have great faith in Doan's Kidney Pills and think them a good reliable kidney remedy."  
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lackey had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.
